**1955
Spring
Catalog**

"Serving You Since 1926"

H. D. WATENPAUGH

A. W. HERRMAN

"Catalog Time" has rolled around once more, and as it has been since way back when, one of my chief interests at this season of the year is to get out a new, up-to-the-minute catalog of our spring offerings of seed and related merchandise. Only this year it has been "different". Personally, I have been rather under the weather, and still am not up-to-snuff, so have had to delegate much of the actual work of preparing this book to others.

Much as I may hate to admit it, my 29 years in the seed business has sort of taken part of my strength and youthful vigor, and I find that I cannot work "like I used to do". My thanks is expressed to Adolph Herrman, Art Wile, and the rest of the "crew" for the manner in which they have carried on in my absence. Also to Mrs. Lotspeich for her valuable work in the vegetable and garden seeds department.

"Phil" has another year to serve with the U. S. Air Force before, we hope, he can come home to help take part in carrying the burdens of the Northern Seed Company. The entire staff of our organization will surely do the best we can again this year to maintain the standard of service which we have always tried to give you, our customers: The best in connection with your planting problems. Another thing: I hope this is not "my swan song." I really hope to be around and help with many more catalogs, and with the spring rush that always follows their issuance. Best wishes to all for your continued success.

H. D. Watenpau, President
NORTHERN SEED COMPANY

In the following pages we offer the most up-to-date seeds that are available, in garden, flower, grasses, legumes and grain. These are of recommended varieties for our area. Changes in the fertilizer, herbicides and insecticides are much different than ten years ago and we have selected the ones that we think will give our trade the most for your money with the least possibility of damage to crop, livestock and humans.

ABOUT GUARANTEE

We have used every possible care to secure seeds that are true to name, carefully selected, and all lots are tested thoroughly for both purity and germination. Even with the highest quality seeds, success depends largely upon cultivation, soil and weather conditions beyond the control of either seller or buyer. Therefore, Northern Seed Co. warrants, to the extent of the purchase price, that seeds or bulbs are as described on the container, within recognized tolerances. We give no further guarantee, express or implied.

NORTHERN SEED COMPANY.

WYOMING SALES TAX

The Wyoming Selective Sales Tax Law exempts feeds only "for use in feeding livestock or poultry for marketing purposes." It also exempts "all sales of seeds, roots, bulbs, small plants and fertilizer planted or applied to land, the products from which are to be sold."

Feed, seed, etc., other than for the above purposes is therefore taxable, as are all supplies, garden tools and miscellaneous articles which we handle. Wyoming customers will please add 2% to the amount of their orders for such items to cover this tax. Mail orders to be shipped outside of the state are not subject to Wyoming Sales Tax.

CUSTOM SPRAYING

We have two Jeeps with which to do custom spraying for either alfalfa weevil or weed control work, with experienced operators to do the work. Ask us about this service.

CUSTOM CLEANING

We can clean your own grain for you. We also treat seed grains with Ceresan, using the slurry method of treatment. Prevents disease and increases yield.

DWARF WAX OR YELLOW PODDED VARIETIES—

Black Wax Pencil Pod—Pods handsome bright yellow. Postpaid prices: $\frac{1}{2}$ lb. 35c; 1 lb. 60c. Not postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c; 5 lbs. or more @ 50c per lb.

Burpee's Brittle Wax or (Round Pod Kidney Wax)—Earliest wax beans, pods fleshy and stringless, round and meaty. Postpaid prices: $\frac{1}{2}$ lb. 38c; 1 lb. 65c. Not postpaid: $\frac{1}{2}$ lb. 33c; 1 lb. 60c; 5 lbs. or more @ 55c per lb.

POLE OR CLIMBING VARIETIES—

Kentucky Wonder (Old Homestead)—The most popular, good producer, long green pods. Postpaid prices: $\frac{1}{2}$ lb. 35c; 1 lb. 60c. Not postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c; 5 lbs. or more @ 50c per lb.

Tall Horticultural (Bird Egg)—May be used as a snap or green shell bean. Good flavor. Postpaid prices: $\frac{1}{2}$ lb. 35c; 1 lb. 60c. Not postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c; 5 lbs. or more @ 50c per lb.

SHELL AND LIMA BEANS—

Henderson's Bush or Baby Lima—Very early, pods flat, shelled beans are flat. Excellent quality. Postpaid prices: $\frac{1}{2}$ lb. 35c; 1 lb. 60c; Not postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c; 5 lbs. or more @ 50c per lb.

Fordhook Lima—Large, light green. Reach maturity quickly. Postpaid prices: $\frac{1}{2}$ lb. 38c; 1 lb. 65c. Not postpaid: $\frac{1}{2}$ lb. 33c; 1 lb. 60c; 5 lbs. or more @ 55c per lb.

Dwarf Horticultural—Used as a green shelled or dried bean. Flavor all its own. Postpaid prices: $\frac{1}{2}$ lb. 40c; 1 lb. 70c. Not postpaid: $\frac{1}{2}$ lb. 35c; 1 lb. 65c; 5 lbs. or more @ 60c per lb.

Red Kidney—Excellent flavor and much liked both shelled green and dry. Postpaid prices: $\frac{1}{2}$ lb. 35c; 1 lb. 60c. Not postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c; 5 lbs. or more @ 50c per lb.

Ask for prices on larger quantities.

SIX 5c PACKETS, 25c

FIELD BEANS

Ask for Prices.

BEETS—For Table Use

Crosby Egyptian—Fine beet for all round use. Good color and shape. Tops small and upright. Main crop.

Detroit Dark Red—Smooth, dark red beet, nice for canning. Good keeper.

Asgrow Early Wonder—An early variety, matures rapidly, vermilion red, sweet and free from strings.

Prices on Table Beets—Postpaid: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.60. Not postpaid: 1 lb. \$1.50; 5 lbs. or more @ \$1.45 per lb.

SWISS CHARD—LUCULLUS

Preferred by many in place of Spinach. The mid ribs too are edible, prepared the same as Asparagus. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.50. Not postpaid: 1 lb. \$1.40.

BEETS—Mangels for Stock

Mammoth Long Red—Largest yielding variety grown, easily harvested.

Giant Half Sugar Rose—Sweet and nutritious, greater sugar content than ordinary mangel. Hog raiser's and dairyman's favorite.

Prices on Mangel Beets. Postpaid: 1 oz. 15c; $\frac{1}{4}$ lb. 35c; 1 lb. \$1.10. Not postpaid: 1 lb. \$1.00; 5 lbs. or more @ 95c per lb.

Broccoli

Italian Green Sprouting—Similar to Cauliflower but easier to grow. Bluish green flower buds. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 25c; 1 oz. 40c.

CABBAGE

Golden Acre—Earliest round head. Small, solid heads.

Early Jersey Wakefield—Early pointed heads.

Early Flat Dutch—Solid flat heads.

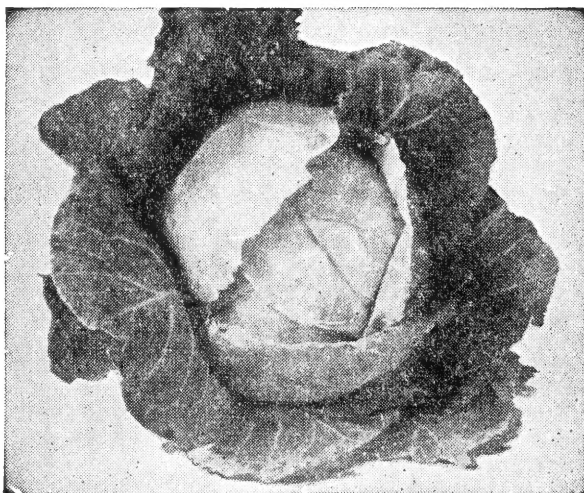

Copenhagen Market—Medium early, round heads. Heaviest yielding of the early or mid-season cabbages.

Late Flat Dutch—Large heads, good for sauerkraut.

Danish Ballhead—A high quality late cabbage, with deep round, very solid heads. Excellent for kraut or winter keeping.

Red Acre—Produces good solid heads. The earliest red cabbage.

Prices on all varieties of Cabbage. Postpaid: Pkt. 5c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c; $\frac{1}{4}$ lb. \$1.10.

CAULIFLOWER

Early Snowball No. 16—Early maturing, pure white heads. Postpaid prices: Pkt. 25c; $\frac{1}{2}$ oz. \$1.50; 1 oz. \$2.75.

CARROTS

Chantenay—Earliest large size carrot. Good quality, fine shape, smooth.

Danvers Half Long—Winter keepers. Produce long uniform roots. Heavy cropper.

Oxheart—Roots thick and short. Heavy yielder.

Prices on above varieties—Postpaid: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 70c; 1 lb. \$2.25. Not postpaid: 1 lb. \$2.15; 5 lbs. or more @ \$2.05 per lb.

Imperator—Outstanding type, long roots of rich orange color with fine grain flesh.

Nantes Improved Coreless—Bright orange flesh, crisp and tender with very delicate flavor.

Prices on Imperator and Nantes Improved Coreless varieties. Postpaid: Pkt. 5c; 1 oz. 25c; $\frac{1}{4}$ lb. 80c; 1 lb. \$2.45. Not postpaid: 1 lb. \$2.35.

SWEET CORN

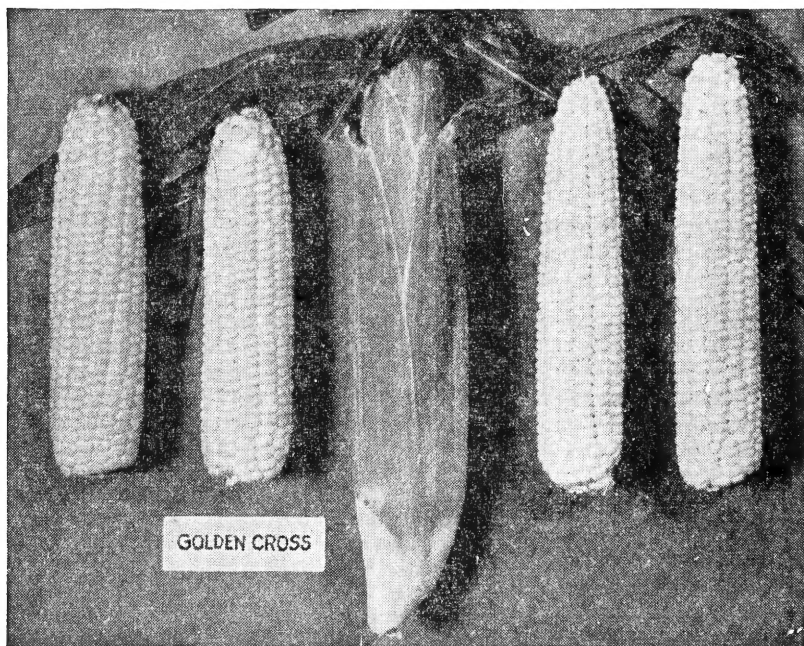

STANDARD—OPEN POLLINATED VARIETIES

Golden Gem—Early, 4 ft. tall, small ears.

Golden Bantam—Most popular, sweet yellow kernels.

Golden Sunshine—One of the earliest of the golden yellows, 10 days earlier than Bantam. Large ears.

Prices on above Corn. Postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 45c. Not postpaid: $\frac{1}{2}$ lb. 25c; 1 lb. 40c; 5 lbs. or more @ 37c per lb.

SWEET CORN—HYBRID

Golden Rocket—Earliest hybrid, 10-12 rowed, good quality.

Golden Cross Bantam—Matures a week later than regular Bantam, producing large ears, 10-14 rowed, kernels rich yellow.

Marcross—Most popular early yellow hybrid, resistant to bacterial wilt, 10-14 rowed.

Sachem—A very good sweet corn, similar to Golden Cross Bantam but earlier.

Prices on Hybrid Corn. Postpaid: $\frac{1}{2}$ lb. 40c; 1 lb. 70c. Not postpaid: $\frac{1}{2}$ lb. 35c; 1 lb. 60c; 5 lbs. or more @ 55c per lb.

Ask for prices on larger quantities.

CUCUMBERS

Chicago Pickling—Small deep green fruits.

Improved Long Green—Standard variety, used when small for pickling, later for slicing, dark green.

Davis Perfect—Well shaped, good color, very few seeds, nice for pickles and slicing.

Early Fortune—Week or 10 days earlier than other varieties, excellent shape, stays green a long time.

Prices on above Cucumbers. Postpaid: Pkt. 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 75c; 1 lb. \$2.25.

Niagara Cucumber—A vigorous growing variety that produces an abundance of dark green fruit, with firm white flesh that is crisp and tender. Long and straight, with a small seed cavity. Stands adverse growing conditions extra well and is disease resistant. A winner for home use or as a market cucumber. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c; $\frac{1}{4}$ lb. \$1.20.

CELERY

Golden Self Blanching—Beautiful golden color. Free from strings, solid, crisp and tender. Matures early. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 40c; 1 oz. 75c.

Dill Use for flavoring pickles. Postpaid prices: Pkt. 5c; 1 oz. 15c

EGG PLANT

Black Beauty—Prolific early variety, smooth dark purple. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 60c; 1 oz. \$1.15.

HERBS

Aromatic and Medicinal—

(a) Annual; (b) Biennial; (p) Perennial

Anise—(a) Seeds for cakes and cookies. Pkt. 10c.

Caraway—(b) Seeds for cakes. Pkt. 10c.

Catnip—(p) Leaves used for seasoning. Pkt. 10c.

Sage—(p) Seasoning, medicinal. Pkt. 10c; $\frac{1}{2}$ oz. 45c.

Summer Savory—(a) Soups or dressing. Pkt. 10c.

Sweet Basil—(a) Buds and leaves for seasoning. Pkt. 10c.

Sweet Fennel—(a) Stems edible; seeds used in confectionery. Pkt. 10c.

LETTUCE

LOOSE LEAF VARIETIES—

Black Seeded Simpson—Dark green leaves, crisp and tender.

Early Prizehead—Curly leaves tinged with red.

Grand Rapids—Beautiful curly and wrinkled leaf, light green. Early.

Paris White Cos or Romaine—Leaves long, smooth, folding into loose heads. Fine flavor.

Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 15c; 1 oz. 25c; $\frac{1}{4}$ lb. 75c; 1 lb. \$2.50.

Oak Leaf—A very tender variety, dark green leaves, dense growing, stands heat well. Prices: Pkt. 10c; $\frac{1}{2}$ oz. 25c.

Salad Bowl Lettuce—A top All-America award winner. A looseleaf variety, producing rich green and very decorative wavy leaves. Stands sun well and is a fast, vigorous grower that does not go to seed easily. This variety is well named, and is sure to prove popular. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 35c; 1 oz. 60c.

HEAD LETTUCE

Iceberg—Crisp firm heads, bright green leaves with slight tinge of brown on the edge. Postpaid prices: Pkt. 5c; 1 oz. 25c; $\frac{1}{4}$ lb. 75c; 1 lb. \$2.50.

New York or Wonderful—Dark green outer leaves, solid heads blanching to creamy white. Sure header, resists heat. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 25c; 1 oz. 40c; $\frac{1}{4}$ lb. \$1.20; 1 lb. \$4.00.

Great Lakes—A solid heading variety with large, well folded leaves. Does not burn easily and heads well under adverse conditions. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 25c; 1 oz. 45c; $\frac{1}{4}$ lb. \$1.50; 1 lb. \$5.00.

NOTE—To get lettuce to head properly, thin to one stalk 12 to 18 inches apart. For fall crop, plant seed last of July or first of August, and keep well irrigated.

ENDIVE

Moss Curled (Pancalier)—Leaves finely cut, nice for Fall or Winter salads. Postpaid prices: Pkt. 5c; 1 oz. 25c; $\frac{1}{4}$ lb. 75c.

Kohlrabi **White Vienna**—Early dwarf. Postpaid prices: Pkt. 10c; 1 oz. 35c.

MUSTARD

Southern Curled—Leaves long, wide, light green tinged with yellow.

Tendergreen—A quick-growing variety. Leaves thick, dark green.

Postpaid prices: Pkt. 5c; 1 oz. 15c.

MUSKMELONS

Hale's Best No. 936 or Jumbo—Thick salmon-orange flesh, sweet and fine quality. Early strain.

Hale's Best No. 36—Very uniform, medium size, fine netted skin, thick fleshed. Early and of highest quality.

Hearts of Gold—Nearly round, about 3 lbs. Tender, juicy, sweet and aromatic.

Rocky Ford—Small, green fleshed with spicy flavor.

Honey Rock—Gray-green skin, with coarse netting. Flesh thick, orange salmon, very fine flavor. Early.

Postpaid prices: Pkt. 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 80c; 1 lb. \$2.60. Not postpaid: 1 lb. \$2.50.

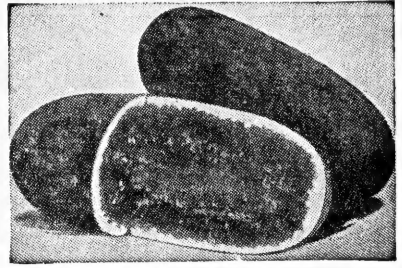

Use Hotkaps for Early Melons

Prices Page 11

WATERMELONS

Early Kansas—Fruits large, round bright green, with wavy stripes of lighter green. Thin tough rind, flesh red, fine flavor.

Early Klondike—Oblong fruits, dark green rind, very sweet flesh, small black seeds.

Kleckley Sweet (Monte Cristo)—

Fruits large, dark bluish green, thin, tender rind, bright red flesh, extremely sweet.

Kleckley Sweet

Northern Sweet—Adapted to short seasons. Fruits small, medium green, dark green stripes. Deep red, crisp, sweet flesh.

King and Queen or Winter—Small, sweet and delicious. Harvest before frost and store in cool cellar, will keep until Christmas.

Postpaid prices: Pkt. 5c; 1 oz. 25c; $\frac{1}{4}$ lb. 75c; 1 lb. \$2.25. Not postpaid: 1 lb. \$2.15; 5 lbs. or more @ \$2.10.

New Hampshire Midget—Small, very early melon, sweet and red fleshed. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c.

Okra Dwarf, green, early, adapted to our northern country. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 45c.

ONION SEED

Bermuda—Pale yellow color, very large and extremely mild. Early market. Postpaid prices: Pkt. 10c; 1 oz. 45c; $\frac{1}{4}$ lb. \$1.50; 1 lb. \$5.00.

Sweet Spanish, White—Largest white onion grown. Globe shaped, very attractive, mild and good keeper. Postpaid prices: Pkt. 10c; 1 oz. 55c; $\frac{1}{4}$ lb. \$1.90; 1 lb. \$6.00.

Sweet Spanish, Yellow—Spanish origin. Golden yellow skin, white flesh, mild, very sweet. Larger than Prizetaker. Desirable for fall storage. Postpaid prices: Pkt. 10c; 1 oz. 50c; $\frac{1}{4}$ lb. \$1.75; 1 lb. \$5.75.

Yellow Globe Danvers—Popular yellow onion. Hardy, used largely for storage, medium size. Flesh white with slight yellow tone. Postpaid prices: Pkt. 10c; 1 oz. 40c; $\frac{1}{4}$ lb. \$1.25; 1 lb. \$4.50.

ONION SETS

Finest quality Yellow and White Sets. Prices, Yellow Sets. Postpaid: 1 lb. 29c; 10 lbs. or more @ 23c per lb. Not postpaid: 1 lb. 22c; 10 lbs. or more @ 20c per lb.

Prices, White Sets. Postpaid: 1 lb. 31c; 10 lbs. or more @ 25c per lb. Not postpaid: 1 lb. 24c; 10 lbs. or more @ 22c per lb.

Onion Set prices Subject to Change Without Notice.

ONION PLANTS

Western grown plants received each week direct from growers. Yellow and White Sweet Spanish, Crystal Wax and Bermudas. Prices postpaid; per bunch 25c; 5 bunches for 95c. Not postpaid: per bunch 19c; 5 bunches for 85c.

Onion plant prices subject to change without notice.

Ask for prices on larger quantities.

PARSLEY

Moss Curled—Beautiful curled leaves. Pkt. 10c; 1 oz. 25c.

PARSNIPS

Hollow Crown—Best variety, roots thick, medium long. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.50.

PEPPERS

Bull Nose or Bell—Popular, early prolific sweet pepper. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 30c; 1 oz. 55c.

Early Calwonder—Medium early, fruits are chunky, 4 lobed, deep green changing to bright crimson. Thick flesh, mild and sweet. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 45c; 1 oz. 85c.

Harris Early—Excellent, early, sweet variety, 3-lobed. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 45c; 1 oz. 85c.

Bull Nose Hot—A pungent red, hot pepper. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 45c; 1 oz. 85c.

Hungarian Hot—Long slender, yellow fruit, turning red when ripe. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 45c; 1 oz. 85c.

PEAS

Inoculate Peas with Nitragin. Pkg. 15c.

Everbearing — Long bearing variety, resistant to Fusarium wilt. Pods double, contain 4-5 large peas. Sweet flavor. Vines 28 inches.

Laxtonian—Largest podded of early dwarf peas. 7-9 large tender peas. Excellent for canning or freezing.

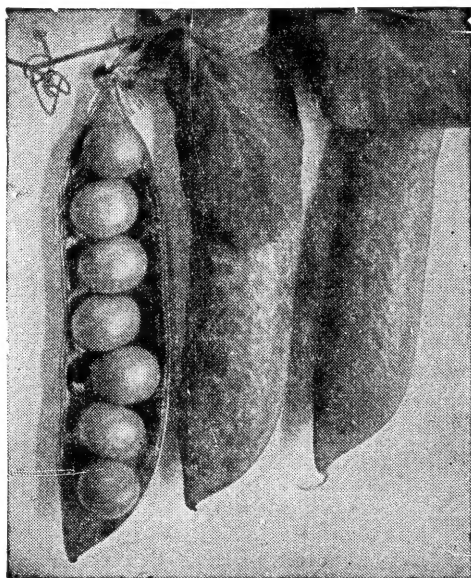

Little Marvel—Outstanding of dwarf early peas, pods well filled with 7-8 tender peas.

Wando—Mid-season blunt podded pea for freezing and canning. Definite resistance to frost and heat.

Thos. Laxton—Excellent for home canning and freezing. Plants deep green, heavy. Pods single, deep green, blunt, carrying 7-8 large tender peas.

Wyola—A variety especially adapted to freezing. Dark green in color, small size, but heavy bearers and finest flavor.

Prices on all varieties of Peas. Postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c. Not postpaid: $\frac{1}{2}$ lb. 25c; 1 lb. 45c; 5 lbs. or more @ 42c per lb.

PUMPKINS

Sugar or Pie—Best variety for general use. Flesh thick, sweet and dry. Deep orange. Fruits 6-8 lbs.

Connecticut Field—For stock feed, or pies, flesh thick, orange yellow, coarse and sweet.

Postpaid prices on Pumpkins: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 65c; 1 lb. \$2.00.

RADISHES

Crimson Giant—Matures early, grows to large size without becoming hollow or woody. Deep crimson.

Buccaneer—A new short top variety by Asgrow. Round globe shaped, lustrous scarlet.

French Breakfast—Early, with small tops. Roots oblong, dull scarlet with white tips.

Sparkler—White tipped roots, round, smooth, dull scarlet red, one-third white at bottom, flesh white, crisp.

White Icicle—Outstanding variety. Roots long, slender, tapering at the tips, very white, brittle, mild inviting flavor.

Postpaid prices: Pkt. 5c; 1 oz. 12c; $\frac{1}{4}$ lb. 35c; 1 lb. \$1.10. Not postpaid: 1 lb. \$1.00.

RUTABAGA

American Purple Top—Best keeper of all turnip family, heavy yielder. Flesh buttery colored, fine grained. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.40.

Salsify (Vegetable Oyster)—Flavor improves after frost. Postpaid prices: Pkt. 10c; 1 oz. 40c.

SPINACH

Bloomsdale-Savoy Long Standing—First early, fast growing, leaves large oval shaped, crumpled or blistered, dark green.

King or Denmark—Broad rounded, dark green leaves, slightly crumpled. Excellent for spring planting as seed stalks are slow in forming.

America Spinach—This variety is a cross between previous All-America winners Viking and Bloomsdale, and it stands longer without bolting than any other variety of spinach. Leaves are glossy dark green, savoyed and thick textured. Spinach is good, and folks who have become disgusted with growing the old varieties because it went to seed so quickly should try this variety. Grows only 6 to 8 inches tall, but makes a spread of 10 to 12 inches, stands sun and heat well, and produces heavy cuttings.

Postpaid prices: Pkt. 5c; 1 oz. 12c; $\frac{1}{4}$ lb. 35c; 1 lb. \$1.00. Not postpaid: 1 lb. 90c.

New Zealand—Not a true spinach, but similar when cooked. Thrives in hot dry weather. Large, spreading plants have small thick pointed deep green leaves, which can be picked repeatedly throughout the season. Plant in warm soil. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.50.

With modern methods we can have many garden vegetables with very nearly "fresh picked" flavor by canning or freezing them, and thus enjoy their delights throughout the year. Your Home Demonstration Agent will be glad to give you bulletins on canning and freezing, or your locker plant can supply directions for preparing vegetables for freezing.

SQUASH

SUMMER VARIETIES—

Black Zucchini—Very early, dark green.

White Bush Scallop, or Patty Pan—

Summer Crookneck—Light yellow, warty skin.

Prices, all varieties. Postpaid: Pkt. 5c; 1 oz. 20c; ¼ lb. 65c.

SQUASH—WINTER VARIETIES—

Banana—Long, skin blue-gray. Cooks dry and sweet.

Buttercup—Small, dark green color, thick meat. Excellent quality.

Chicago Warty Hubbard—Hard rough skin. Extra good keeper.

True Green Hubbard—The standard winter squash.

Golden Hubbard—Earliest Hubbard.

Delicious—An excellent medium size squash. Dark green in color, thick meat.

Table Queen or Acorn—Small oval fruit, dark green. Bakes well. Matures early.

Prices, all varieties. Postpaid: Pkt. 5c; 1 oz. 20c; ¼ lb. 65c.

TOMATOES

Bonnie Best—Standard second early. Fruits slightly flattened, globe shaped, medium size. Smooth, bright scarlet. Postpaid prices: Pkt. 5c; ½ oz. 40c; 1 oz. 75c.

Break o' Day—Fruits medium large, orange-red, globe shaped, uniform. Early. Postpaid prices: Pkt. 5c; ½ oz. 40c; 1 oz. 75c.

Earliana—First early. Old time variety. Valuable in short season areas. Fruits flattened, medium size, firm, bright red. Postpaid prices: Pkt. 5c; ½ oz. 45c; 1 oz. 80c.

Spray your tomato blossoms with **FIX**. They set fruit at once, ripen quicker and make solid seedless tomatoes. Use sparingly. 25 tablet bottle 25c; postpaid 30c.

John Baer—Hardy and prolific, small seed cavities. Fruits deep scarlet, fleshy. Good canners. Postpaid prices: Pkt. 5c; ½ oz. 45c; 1 oz. 80c.

June Pink—Earliest of pink varieties, solid fruit of medium size. Postpaid prices: Pkt. 5c; ½ oz. 40c; 1 oz. 75c.

Bounty—A new selection of "Bison". Extra early, self-pruning vines. Fruits solid and meaty. Postpaid prices. Pkt. 5c; ½ oz. 45c; 1 oz. 80c.

Sioux—Very early, meaty, and a heavy yielder. Postpaid prices: Pkt. 10c; ½ oz. 45c; 1 oz. 80c.

Golden Queen—Large, smooth, bright yellow fruit. Less acid than red sorts. Main crop. Postpaid prices: Pkt. 10c.

Yellow Pear—Small pear shaped fruit used for preserving. Postpaid prices: Pkt. 10c.

TURNIPS

White Milan—Early, white throughout, crisp, sweet and tender. Postpaid prices: Pkt. 5c; 1 oz. 12c; ¼ lb. 40c; 1 lb. \$1.25.

FLOWER SEEDS

(All prices are postpaid)

Key to Symbols: (a) Annuals; (b) Biennials; (p) Perennials

Bellis, or English Daisy

HINTS FOR SUCCESSFUL FLOWER GROWING

First: Prepare your seed bed well. The soil does not want to be worked when it is too wet or too dry, otherwise it will be too cloddy for fine flower seeds. Have the fertilizer thoroughly mixed into the top soil.

Second: Do not plant tender flowers too early. They will not thrive until the soil is quite warm anyway, and if planted early may germinate and then kill out if a cold spell sets in. Do not plant fine flower seeds too deep. It is advisable to mulch with Michigan Peat, to keep the top of the ground from caking.

Third: Water carefully, so as not to wash the soil when seeds are planted, or after they are sprouted.

AGERATUM—(a) Midget Blue. Dwarf edging. Pkt. 10c.

ALYSSUM—(a) Carpet of Snow. Pure white. Dwarf. Pkt. 10c; $\frac{1}{8}$ oz. 40c.

NOTE—All glads are F.O.B. Sheridan. If by mail, postage extra: 1 doz. 10c; 50 for 25c; 100 for 40c.

LAWN GRASS SEED

There is nothing that adds so much to the beauty and the value of your home as does a nice lawn with a flower bed or two and a liberal planting of shrubs along the borders. For making a new lawn or for re-seeding an established lawn, use our lawn grass mixtures. All grasses used in our lawn mixtures are of the best grades obtainable. Be careful in getting your seed bed in good condition, sow a little less seed, and take better care of it is our advice.

All Prices F.O.B. Sheridan		
	Price per Pound	Price per lb. in lots of 10 lbs. or more

DuPONT FTE—A new scientific development brings the essential "true" or "micro" elements in a form that makes them available to plant life. Prices: 1 lb. can \$1.00; 5 lb. can \$2.95.

NURSERY STOCK

MAKE YOUR HOME GROUNDS ATTRACTIVE

Nothing you can do will add more to the appearance of any place, large or small, than attractively planted yard. Trees and shrubs help increase the value of your home, both in money and in the enjoyment you will receive.

We will gladly assist you in making your selections if you desire.

GUARANTEE

We guarantee all items of nursery stock to be alive and in first class condition, capable of growing if properly cared for when they leave our hands. Because we cannot be responsible for weather and other conditions beyond our control, we cannot guarantee nursery stock after it is planted.

DELIVERY

All nursery stock is sold F.O.B. Sheridan. Shrubs and trees under six feet tall can be sent by parcel post. For postage and packing charges for such orders add the following to your nursery orders to points within 300 miles of Sheridan:

Orders under \$2.50—35 cents.

Orders \$2.50 to \$5.00—65 cents.

Orders \$5.00 to \$10.00—\$1.00.

Orders over \$10.00—10% of amount of order.

Trees over 6 feet in height cannot be sent by mail, and will be forwarded by truck or railway express, charges collect.

BE SURE TO ADD SALES TAX TO YOUR NURSERY ORDER

TAMARIX—Hispida—Feathery, silver foliage, bright pink flowers. Stays in bloom a long time. Price: 2-3 ft. size, each \$1.00.

ELDER—Golden American—Golden yellow leaves make beautiful contrast with other shrubs. White flowers. Price: 2-3 ft. size, each \$1.10.

If in doubt about what you want ask to see our illustrations of these shrubs and trees in leaf and bloom.

SHADE TREES

Due to so many new homes being built in Sheridan, and so many wishing to replace cottonwoods, we are carrying a much larger stock of shade trees than we ever have in previous years. You will note that we are carrying mostly the 5-6 ft. size. Our experience has taught us that this size transplants easier than the larger trees, and take root and grow faster. (These trees are too long to send by mail.)

Other trees and larger sizes will be secured on special order if available.

Norway Poplar—A fast growing, fine shade tree. Leaves similar to cottonwood, but has no cotton. 5-6 ft. size, each \$1.00.

American Elm—A very graceful growing type tree suitable for street or yard planting. 5-6 ft. size, each \$1.50.

European Mountain Ash—A splendid ornamental tree, especially beautiful in fall with its clusters of bright berries. 5-6 ft. size, each \$3.25.

Green Ash—A very hardy, clean, well-shaped tree. 5-6 ft. size, each \$2.00.

Chinese Elm—A fast growing tree, widely used for shade, wind-break and hedge. If desired for shade, branches must be kept pruned from the time they are small. They withstand drought well, and do not want to be watered late in fall. These trees grow so fast, we found it the most economical to plant good seedlings and keep them pruned. You will get a shade tree practically as soon as if you plant a larger tree, and at much less expense. Selected 3-4 ft. seedlings, each 25c; 10 for \$2.25. Selected 5-6 ft. seedlings, each 40c; 10 for \$3.75. (Also see "hedging").

Cut Leaf Weeping Birch—An attractive ornamental tree. Silvery white bark, graceful drooping branches with deeply cut foliage. 5-6 ft. size, each \$3.25.

American Linden—A fine pyramidal shaped tree. While not a fast grower, it attains good size and makes an ideal tree for yard or curb. 5-6 ft. size, each \$2.50.

Norway Maple—A compact growing tree with broad dark green foliage. Very attractive. 5-6 ft. size, branched, each \$3.00.

Silver or Soft Maple—A fairly fast growing tree, making a good appearance and excellent shade. 5-6 ft. size, each \$1.60.

Schwedler Maple—Its distinctive red foliage makes this tree most attractive where something "different" is wanted for yard or curb planting. 5-6 ft. size, branched, each \$3.50.

Niobe Weeping Willow—Fast growing, hardy tree. 5-6 ft. size, each \$1.40.

Russian Olive—A fast growing hardy tree with silver gray foliage. 4-5 ft. size, each 60c. See hedging for price on smaller sizes.

Russian Golden Willow—Medium spreading with golden yellow bark. Very hardy. 4-5 ft. size, each 75c.

An apple tree makes an excellent tree for back yard ornament and shade. We especially recommend the Yellow Transparent, the Whitney Crab, or the Dolga Crab for this purpose.

See Page 25 for prices on Apple Trees

For Mail Orders, See Page 19 for Delivery Charges

ROSES

Our rose stocks are carefully selected for hardiness, with only varieties that will prosper in our climate being carried. All stock is western grown, No. 1 quality.

Price on all Roses (except Patented Roses, specially priced), each \$1.25; 3 for \$3.50.

HYBRID TEA ROSES—Everblooming, and bear the first year. Lovely roses. While Hybrid Teas are not as hardy as some other roses, and need winter protection, the varieties we list have proven satisfactory here.

Dame Edith Helen—Excellent shape with large double pink flowers.

E. G. Hill—Bright red. Extra nice shape.

Gruss an Teplitz—Dark fiery crimson. Hardest variety.

McGredy's Ivory—Large creamy white.

Mrs. Sam McGredy—Scarlet-copper two-tone, prolific bloomer.

Joanna Hill—Large soft yellow, with bronze shading.

Condesa De Sastago—Deep coppery, pink inside, shading out to golden yellow.

CLIMBING ROSES AND MISCELLANEOUS—

Climbing American Beauty—Large rosy-red.

Paul's Scarlet—Large size, bloom in clusters.

Climbing Etocle de Hollande—A magnificent dark red rose of perfect form.

Austrian Copper—Brier type rose with warm yellow and coppery red blossoms. Very attractive. Spring blooming.

DWARF POLYANTHA AND FLORIBUNDA ROSES—

Small plants, small blossoms borne in clusters. Free blooming over a long period. Very hardy.

Eutin—Large clusters of very double deep red blooms.

Poulsen's Bedder—Fragrant double bright rose pink, borne in masses on strong upright stem.

Cameo—A distinct shade of shell pink and salmon with a glow of gold.

Floradora—A true Floribunda in a sparkling shade of red. Petals have wavy rippling edges.

CARE OF ROSES

Whole books are written about the care of roses, so we can't give a complete course of instructions here. These few suggestions may be helpful.

1. When planting dig the hole deeper than the roots require, and if the soil is heavy put some coarse gravel in the bottom so your plant will get drainage; then mix the soil with some well rotted compost or manure.

2. Roses are heavy feeders, and need plenty of plant food to produce at their best. Fertilize often, but little at a time, using a good commercial fertilizer. The use of well rotted compost, cow manure or peat moss not only provides plant food but also a mulch so the ground will keep cool and moist even in hot dry weather.

**Ask for Free Booklet—
"HOW TO PLANT"**

PATENTED ROSES—

Patented roses are sold at uniform prices fixed by the originators. We are pleased to offer a large assortment of these new introductions, including many award winners in the All-American Rose selections. No finer roses can be found anywhere in the country as they come from one of the largest and most reliable growers in the business.

Mme. Henri Guillot—Hybrid Tea. (Plant Patent No. 337) Two-toned rose. Urn-shaped buds open watermelon to raspberry-pink color with golden base. Price: each \$2.00.

Dr. J. H. Nicolas—Climber. (Plant Patent 457) Vigorous growing, dark green foliage, fully double large rose pink flowers. Ever-blooming. Price: each \$2.00.

Peace—Hybrid Tea. (Patent No. 591) Golden yellow, etched in pink. Price: each \$2.50.

Pinocchio—Floribunda. (Patent No. 484) Produces an abundance of salmon-pink buds, opening into soft pink flowers in great clusters. Hardy. Price: each \$1.50.

Red Pinocchio—Floribunda. (Plant Patent 812) Rich carmine, fragrant and prolific bloomer. Price: each \$1.50.

White Pinocchio—Floribunda. (Plant Patent No. 1010). Price: each \$1.50.

Yellow Pinocchio—Floribunda. (Plant Patent No. 992). Price: each \$1.50.

Jiminy Cricket—Floribunda. (Patent applied for) Tangerine red buds opening to coral orange. Foliage changes from glossy bronze to green. A. A. R. S. for 1955. Price: each \$2.50.

Rose of Freedom—Hybrid Tea. (Plant Patent No. 791). A stately, delightful red rose borne on extra long stems. Price: Each \$2.00.

New Yorker—(Plant Patent No. 823). Brilliant red, long lasting, and produces immense flowers. Price: Each \$2.00.

Mirandy—Hybrid Tea. (Plant Patent No. 632) Strong free branching plant. Rich dark red, very fragrant flowers. Price: each \$2.25.

ROSE—Multiflora Japonica—Very thorny. Makes an excellent hedge. Hardy and fast growing. Price: each 15c; 10 for \$1.25; 100 for \$11.50.

DON'T LET INSECTS AND DISEASE RUIN YOUR TREES SHRUBS AND FLOWERS

Modern science has found a way to combat most of the insect pests and diseases that plague garden lovers as well as commercial growers. We carry a full line of insecticides and fungicides and can supply you the proper remedy for your pest trouble.

Be Sure to Add Sales Tax to Your Nursery Stock Order

EVERGREENS

We formerly handled Evergreens only on special order. This was quite unsatisfactory because the wholesale nurseries were often sold out of the sizes and varieties our customers wanted when the orders went in. This year we have some of the most popular varieties coming in, and hope to be able to take care of your requirements.

All Evergreens are shipped to us balled and burlapped and packed in bushel baskets so they will be in the best of condition for you to set out.

Evergreens will be shipped only at purchaser's risk.

Juniper Pfitzeriana—Green spreading Juniper. Lovely for foundation planting where taller evergreens or shrubs can not be used. Price: 18-24 inch spread, each \$9.50.

Juniper Scopulorum—Colorado Silver Juniper. Silvery green foliage, growing in erect columnar shape. Can be trimmed closely and makes dense foliage. Price: 2½-3 ft. size, each \$10.00.

Juniper Cannarti—Foliage is a deep, rich green. Price: 2½-3 ft. size, each \$12.00.

HEDGING

Caragana—18-24 inch seedlings. Price: 10 for \$1.25; 100 for \$10.50.

Chinese Elm—18-24 inch seedlings. Price: 10 for 75c; 100 for \$6.50.
3-4 ft. seedlings. Price: 10 for \$1.35; 100 for \$11.50.

Russian Olive—12-18 inch seedlings. Price: 10 for 85c; 100 for \$7.50.
2-3 ft. seedlings. Price 10 for \$1.50; 100 for \$12.50.

VINES

Clematis, Jackmani—Large flowering blue. 2¼ inch dormant pot plants. Price: Each \$1.10.

Engelman Ivy—Fast growing clinging vine. Each 75c.

Honeysuckle Gold Flame—Has a beautiful two-tone yellow and red trumpet-shaped blossom. Price: Each \$1.00.

Bittersweet—American. A hardy vine producing bunches of red berries. Plant at least two as they require cross polination. Price: each 80c.

LILIES—BLEEDING HEART

Regal Lilies—Very easy to grow, perennial bulb. Large white flower, suffused with pink and a yellow throat. Bloom in July. Large size, each 30c.

Speciosum Rubrum—White background with pink dots. Large size, each 60c.

Double Tiger Lilies—Flowers rich salmon-orange, flecked with dark brown spots. Bloom in late August. Large size, each 30c.

Bleeding Heart—Large 3-5 eye divisions. Each \$1.00.

FRUIT TREES

APPLES—

We carry only varieties of Apples that have proven hardy for our climate. A selection from our stock will supply you apples for use from summer clear through until winter. We advise early ordering so you are sure to obtain the orchard you have been planning on.

Prices on all varieties: Size 11/16 caliper (about 4½ ft. high) each \$1.25; 3 for \$3.50.

- ✓ **Anoka**—Large striped red summer apple. Fruit borne first or second year after planting.
- ✓ **Harlason**—A real winter apple developed by the Minn. Fruit Breeding farm. Fruit keeps in good condition till spring. Excellent flavor. Fruits deep red, good size. Very hardy.
- ✓ **Minjon**—Another introduction by the Minn. Fruit Breeding farm. Fall apple, recommended highly.
- ✓ **McIntosh**—Hardy winter apple.
- ✓ **Wealthy**—Tender, juicy red striped fall apple.
- ✓ **Yellow Transparent**—Summer apple, good for cooking or eating.
- ✓ **Whitney Crab**—Large sweet crab.
- ✓ **Dolgo**—Very red jelly crab. Early bearer.

CHERRIES

- ✓ **Montmorency**—Hardy dark red sour cherry. Price 11/16 caliper, each \$1.75.
- ✓ **Early Richmond**—Bright red pie cherry. Price: 11/16 in. caliper, each \$1.75.

PLUM—

- ✓ **Waneta**—Reddish purple skin. Largest of the hardy plums, juicy and mild. Price: Size 11/16 in. caliper, each \$1.70.

SMALL FRUITS

GRAPES—

- ✓ **Beta**—Very hardy. Price: Each 40c; 10 for \$3.50.

RASPBERRIES—

- ✓ **Latham**—Large red berries of excellent flavor.
 - ✓ **Indian Summer**—A new everbearing variety. Large berries of high quality.
- Price, either variety: 6 for \$1.10; 25 for \$3.50.

CURRANTS—

- ✓ **Red Lake**—Bright red. Thrifty and productive. Price: Each 40c; 6 for \$2.25.

GOOSEBERRIES—

- ✓ **Champion**—Excellent. Green. Price: each 60c; 6 for \$3.35.

STRAWBERRIES—

Nothing is nicer in a home garden than a strawberry bed and in a large garden or on an acreage strawberries are highly profitable with a steady local market for all you can raise. We will have the following varieties:

- ✓ **Giant Gem**—This is an improved strain of that old favorite, the Gem. A heavy bearing variety that yields good sized berries over a long period of time. For commercial use, we consider this the best berry to grow. Everbearing.
- ✓ **Brilliant**—The champion yielder of the everbearers. Often starts to bear a few weeks after planting and continues 'til fall. Brilliant is a new, big bright red berry. A good freezer.
- ✓ **Superfection**—A recent introduction, the result of modern plant breeding. Bears heavily from June till frost. Large bright red berries with extra delicious flavor.
- ✓ **Wayzata**—None are available this year.

All Strawberry Plants bundled 25 plants to a bundle. They are locally grown, and sent out in prime condition. If you cannot plant them immediately on receipt of plants, keep in a refrigerator or other cool place. In this way they retain their freshness for several days.

PRICES

		Giant Gem	Superfection	Brilliant
F.O.B. Sheridan, Wyo.	25 -----	\$.90	\$1.35	\$1.60
	100 -----	3.30	5.00	6.00
	500 -----	15.50	---	---
By Mail, Postpaid	25 -----	\$ 1.05	\$1.50	\$1.75
	100 -----	3.60	5.40	6.40
	500 -----	16.50	---	---

Plant strawberries so the crown is just even with the top of the ground. Plant them deeper than this, they won't bear, plant them shallower, they kill out.

Plants ready about April 25th, depending on weather.

GARDEN INSECTICIDES AND FUNGICIDES

DUPONT FLORAL DUST—A spray or dust to stop bugs or blights on roses and other flowers. Refillable 8-oz. dust gun 98c; 1 lb. can \$1.25.

DUPONT FRUIT TREE SPRAY—Contains methoxychlor, "Fermate" and sulphur, for insect and disease control. 1 lb. can \$1.25.

DUPONT GARDEN DUST—A spray or dust which controls early and late blights of tomatoes and many other diseases plus a good insecticide. Refillable 8-oz. dust gun 98c; 1 lb. can \$1.25.

DUPONT ROSE DUST—A combination of sulphur and "Fermate" for control of diseases of roses. Refillable 8-oz. dust gun \$1.29.

DUPONT APHID AND MITE SPRAY—Contains malathion, one of the newest insect killers recommended for the control of many hard-to-kill insects. 1 oz. bottle 49c; 4 oz. bottle \$1.25.

DUPONT 50% DDT—Highly effective wettable powder form of DDT, especially designed for water spray application. May be used for control of many insects affecting garden and ornamental plants; as an area treatment against wood ticks, mosquitoes and flies, and as a residual insecticide around buildings. Can be used as a dust for mice control in runways. 1 lb. can 90c.

• Safe Insecticide for Plant Application

DUPONT 50% TECHNICAL METHOXYCHLOR — A versatile insecticide particularly for use on flowers, vegetables and fruits. Can be used near harvest time because of its low order of toxicity to human beings. Safe on the tenderest plants. Eight ounce can makes about 17 gallons of spray for general garden use. 8 oz. can 85c.

• Snail, Slug and Cutworm Killer

ORTHO BUG-GETA PELLETS—A balanced bait in handy pellet form for killing snails, slugs, cutworms and strawberry root weevil. Highly compressed pellets go about 4 times farther than meal. They don't sift down or wash down into soil as easily as meal. One pound baits more than 1200 square feet. 12 oz. 40c; 2 lbs. 95c; 5 lbs. \$1.85.

• Red Spider Mite, Potato Psyllids

DUSTING SULPHUR—Can be used alone or mixed with rotenone or DDT. To be used wherever sulphur is recommended. 1 lb. pkg. 10c; 5 lb. pkg. 45c; 50 lb. bag \$3.50.

• Garden Insects and Diseases

**KWIK KIL
BUG DUST**

A rotenone-sulphur mixture put up and packaged especially for us. Highly effective for control of flea beetle and other insects on tomato, potato and many other vegetables and flowers. Properly applied it greatly lessens damage to potatoes from "Purple Top." May also be mixed with water and used as a spray. Much higher strength than most products offered. 1 lb. bag 65c; 4 lb. bag \$1.90. Ask for prices in larger quantities.

CYANOGAS FOR ANTS—(Outdoor Use Only)—Kills ants right in the nest. Contains calcium cyanide which liberates hydrocyanic acid when exposed to natural moisture in the air. 4 oz. can 39c.

• Healing Tree Wounds

TREHEAL—An asphalt emulsion product made especially for protective coating of tree wounds, for filling cavities and for use as a grafting and budding compound. It is excellent for treating stumps after pruning. 1 pint 60c.

• Purple Top, Potatoes and Tomatoes

SULPHUR AND 5% DDT—Excellent for the control of potato psyllids (causative insect of purple top). Can also be used for insect control on garden vegetables up to two weeks before harvest. 1 lb. pkg. 25c; 4 lb. pkg. 80c.

- Lawn Insects
- Garden Insects
- Crabgrass Control

CHLORDANE—A new hydrocarbon insecticide which is recognized as one of the most effective and versatile insecticides ever produced for controlling insects affecting lawns, as well as certain household and agricultural pests. Applications remain residually active in the soil for long period of time. Experimental data indicates that application of 10 lbs. or more of actual chlordane per acre (about $\frac{1}{4}$ lb. per 1000 square feet) will effectively control crabgrass for at least two seasons following the application without injury to other grasses. 8 oz. bottle \$1.00; 1 qt. bottle \$2.25.

HUDSON GARDEN SPRAYERS AND DUSTERS

These are available in different sizes from the smallest household sprayers to the largest garden size dusters and sprayers. Models suitable for use with all the different products we carry. We carry too large a stock to attempt to list all sizes and models. Call at our store and see them—we have just the model that will fit your requirements, and they are priced right too.

LAWN AND GARDEN WEED KILLERS

- Dandelion Control

DUPONT LAWN WEED KILLER—A standard item for use in lawn care which can be used from early spring until late summer. Mix with water and spray to rid lawns of dandelions, wild onions, plantain and many other weeds. 8 oz. can \$1.00; 32 oz. can \$2.95.

- Crabgrass Killer

DUPONT PC CRABGRASS KILLER—Kills crabgrass and chickweed at any stage of growth. Easy to use as spray; non-toxic, non-corrosive. 7½ oz. bottle treats 750-1500 sq. ft. 30 ounces treats up to 6000 sq. ft. 7½ oz. bottle \$1.00; 30 oz. bottle \$2.95.

• Clean Kill of Tough Weeds

DUPONT AMMATE—Ideal for control of poison ivy. Kills brush and other weeds and aids in rotting stumps. This is the recognized chemical product for cleaning out driveways, sidewalks, and spots where tough weeds grow. One application usually cleans out worst infestations without hazard to children or pets. Not for lawns. 2 lb. bottle \$1.35; 6 lb. bottle \$2.95.

• Weed Control in Lawns

SCOTTS 4-XD—Clean, granular compound of 2,4-D easily broadcast by hand or with a spreader. Quickly cleans out practically all broad-leaved weeds without harm to lawn grasses. It can be applied any time weeds are visible in the lawn and as often as needed to keep lawn weed-free. 14 ounces treats about 500 sq. ft. 14 oz. box 49c.

• Kills Weeds and Feeds Grass

SCOTTS WEED AND FEED—Unique combination of chemicals that simultaneously kills broad-leaved weeds via the action of 2,4-D and feeds grass to greater health and beauty. Excellent for restoring run-down lawns. Helps grass to fill in as weeds wither away. Box to treat 500 sq. ft. \$1.00; 2500 sq. ft. \$2.95.

• Crabgrass Killer

SCOTTS SCUTL—A chemical for the control of crabgrass. It works slowly and destroys without the unsightly browning of the entire lawn. 1¼ lb. box 59c; 4 lb. box \$1.95; 7 lb. box \$2.75.

• Soil Sterilant for Home Use

TRIOX—An arsenical weed killer which prevents plant growth for 1 to 2 years. Use on driveways, along fence lines, around garages, house foundations and other structures, where soil can be poisoned and no plant growth is wanted. 1 qt. can \$1.25.

AGRICULTURAL CHEMICALS

Agricultural Chemicals are becoming a factor of increasing importance in the production of crops, and we at the Northern Seed Company are fully aware of great changes that have occurred in this field in the past few years. We make it our business to carry large stocks of the chemicals that have proven effective for insect control, for use on live-stock and crops, also for weed control. And, what is equally as important to the rancher or the gardener, we keep ourselves informed as to what to use, and how to use it. No matter what your pest control problems are, bring them to us.

• Perennial and Annual Weeds

DUPONT 2,4-D AMINE WEED KILLER—Contains 4 lbs. acid equivalent per gallon. It is a standard formulation for general control of broad-leaved weeds and for selective control on these weeds in certain crops. Highly recommended for control of perennial noxious weeds. It is suitable for use in small grains, corn, flax and grasslands. 1 gal. \$4.60; 5 gal. \$4.30 per gal.; 30 gal. \$4.10 per gal.; 50 gal. \$3.95 per gal.

● Annual Weeds and Woody Species

DUPONT 2,4-D ESTER WEED KILLER—An isopropyl ester formulation containing 3.34 pounds of 2,4-D acid equivalent per gallon. The ester is usually used for weed control under difficult conditions or where hard to kill species predominate. It is particularly effective for control of woody species. 1 gal. \$4.60; 5 gal. \$4.30 per gal.; 30 gal. \$4.10 per gal.; 50 gal. \$3.95 per gal.

● Brush Killer

DUPONT 2,4,5-T ESTER BRUSH KILLER—Contains 4 pounds of 2,4,5-T acid equivalent per gallon. It is especially recommended for control of concentrated stands of some brush resistant to 2,4-D. 1 gal. \$13.95; 5 gal. \$13.75 per gal.; 30 gal. \$13.55 per gal.

● Grass Killer

DUPONT 90% SODIUM TCA WEED KILLER—A grass killer for non-selective control in areas not planted to crops. It is also recommended for pre-emergence use in sugar beets and for control of annual grasses in established alfalfa. 10 lb. canister 60c per pound; 50 lb. drum 50c per lb.; 100 lb. drum 49c per lb.

● Karmex Soil Sterilization

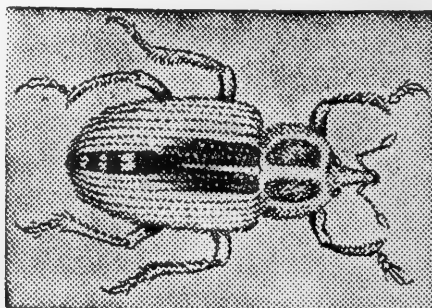

DUPONT 80% CMU WEED KILLER—A product to use where it is desirable to keep the ground bare of vegetation. It comes as a powder to be mixed with water, and it controls a wide range of annual and perennial grasses and herbaceous weeds. As little as 40 pounds per acre or half a cup per 100 square feet is enough for effective weed control. 2 lb. canister \$9.10; 10 lb. drum \$40.50; 50 lb. drum \$187.50.

● Wetting Agent for Livestock and Agricultural Sprays

DUPONT SPREADER-STICKER—For increasing the effectiveness of agricultural chemical spray mixtures. It makes the mixture spread evenly over the surface, and makes it resistant to weathering. It can be used in sprays for crops, livestock, or weed control. 1 pt. can \$1.20. 1 gal. can \$8.55.

HEPTACHLOR—This chemical was introduced two years ago and has made a place for itself in the control of alfalfa weevil as well as other insects. Diluted with water and sprayed at the rate of 4 ounces of technical material per acre, early in the Spring when alfalfa shoots start has proven the most effective control. This method kills the adult weevil before egg laying starts and gives good control for the entire season. One gallon of the four pound technical material we carry will do eight acres. 1 gal. \$6.85; 5 gal. can \$33.25; 30 gal. drum \$192.00.

- Alfalfa Weevil, Adult—4 oz. per acre. Apply before Alfalfa is 2 inches tall.
- Alfalfa Weevil, Larvae— $\frac{3}{4}$ to 1 oz. per acre. 3 day limit before cutting or pasturing.
- Cutworms—10 to 12 oz. per acre
- Lygus Bugs—3 to 8 oz. per acre
- Grasshoppers—3 to 4 oz. per acre
- Mosquitos—.05 to 0.2 oz. per acre

Adult Alfalfa Weevil

LIVESTOCK SPRAYS

It is doubtful if there is any way that you can make more money for the amount invested than you can by using a good insecticide on cattle to keep them free from flies. Weight gains per summer pasturing season of cattle kept free from flies will return many dollars for one spent in the control.

● Insecticides To Use Where Other Materials May Create a Hazard

MARLATE 50—A 50% wettable powder formulation of methoxychlor insecticide for use in sprays or dusts. Recommended for insect control on fruits, vegetables and in grain storage bins, in farm buildings and for fly control on livestock. It is a residual insecticide with exceptionally low toxicity to people, plants and animals. 4 lb. bag \$3.40.

● Cattle Lice Control—Only One Application Needed

LEXONE 10-GW—A 10% gamma benzene hexachloride wettable powder insecticide. It is for use in dust mixtures, sprays, livestock dips, or wherever BHC is recommended. 1 lb. can 85c; 6 lb. bag \$2.35.

● Fly and Mosquito Control on Dairy Cows

DAIRY CATTLE SPRAY—A 50% methoxychlor wettable powder formulation for spraying cows to control horn flies, stable flies, house flies, lice, fleas, and mosquitos. 1 lb. can \$1.25; 4 lb. bag \$4.00.

● Kills House Flies Long As 6-8 Weeks After Application

DAIRY BARN INSECTICIDE—Contains 50% methoxychlor plus 3% lindane, formulated especially as a barn spray for quick kill and residual action on house flies. May also be sprayed on cows occasionally to control lice and mange mites. 1 lb. canister \$1.60.

SHEEP PROTECTOR NO. 1—Use as a dust on sheep for tick control. Recommended for use right after shearing.

Rotenone, not less than	_____	.50%
Petroleum oil, at least	_____	2.00%
Gamma Isomer of B. H. C.	_____	.25%
Inert Ingredients	_____	97.25%

Price: 50 lb. bag 12½c per lb.; 10 lb. bag 15c per lb.

● Individual Treatment of Badly Grub Infested Animals

FARNAM ROTENOX GRUB SPRAY BOMB—A quicker easier way to treat limited numbers of cattle for grubs. Just spray it on. Powerful wetting and penetrating ingredients penetrate tiny grub breathing holes and kill grubs on contact. 11 oz. bomb \$1.85.

FARM FERTILIZERS

ANACONDA TREBLE SUPERPHOSPHATE 0-43-0—Highly concentrated superphosphate widely used for many years. Price: 80 lb. bag \$3.60; five bags or more \$3.40 per bag; per ton \$78.00.

ANACONDA 10-20-0 AMMONIATED PHOSPHATE—Used mainly for pastures and hay meadows mixed with legumes. Price: 80 lb. bag \$3.90; five bags or more \$3.70 per bag; per ton \$86.00.

We regret to inform our trade the above two items will not be available till later in the Spring. We can make no promise for Spring delivery.

ARCADIAN UREA 45% NITRATE—Pellet form, dissolves readily in water and is fast acting. Highly recommended for grass pastures and meadows. A good plant food for corn silage. Price: 100 lbs. \$7.30; 500 lb. lots and over \$7.20 per cwt.; per ton \$140.00.

ANCHOR BRAND 46% TREBLE SUPERPHOSPHATE—This is a high form of phosphate, 46 lbs. of available P_2O_5 . Price: per ton \$86.50.

We can secure other formulation of plant food and have chosen to stock PV Fertilizer 12-24-0. This is formulation of 12 parts of nitrigin and 24 parts of phosphate. A good general purpose fertilizer. Packed in 50 lb. paper bags. Price: 50 lb. bag \$2.65; 500 lbs. and over \$5.10 per cwt; per ton \$99.00.

All fertilizer prices are F.O.B. Sheridan

ANIMAL AND POULTRY FEEDS

The feed business does not fit in with issuing a catalog like we use for our seed and nursery lines and so we do not use much space for this department of our business here. Just the same, the handling of feeds of all kinds is a major part of our work. We cannot begin to list all the items we offer, but we do want to mention some of the products we feature.

Prices fluctuate too widely to attempt to quote prices here, but you will find us in line with market values at all times.

NORTHERN SPECIAL DAIRY FEED—Rolled Barley and Oats, and Mill Feed, supplemented with high proteins and mineral elements to make a balanced ration for dairy cows. Used by many of the large dairies in Sheridan County.

COOPER'S CRUNCHIES—The original feed put out in granular form. This is our sixth year of handling these feeds, and they have given wonderful results. We carry CRUNCHIES for all ages of chickens and turkeys.

MORTON'S SALT—In addition to the plain salt both in bags and in blocks, we carry Sulphur blocks, Phosphate blocks, and Iodized blocks. We also have Morton's Trace Mineral Salt in block and loose form. Ask for circular on use and benefits of Morton's Trace Mineral Salt.

GRAINS—We carry large stocks of all feed grains, whole, ground and rolled. We buy a considerable quantity of local grown feed grains, and it will be to your advantage to see us when you have grains to sell.

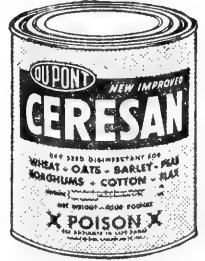

FATTENING FEED—This is a formula feed we have worked out for the 4-H Club folks to make their feeding problems a little easier. We will also mix feed for you from your own formulas.

SEED DISINFECTANTS

For Treatment of Seed, Grain, Corn, Etc.

ALL PRICES F.O.B. SHERIDAN, WYOMING

DU PONT CERESAN M—For use on wheat, oats or barley. Controls smut and many other seed borne diseases. May be used as a dust, or is especially recommended to moisten and use as a slurry treatment, thus eliminating the objectionable poison fumes that go with a dust treatment. Full directions on container. Price: 14 oz. can, \$1.45; 3 lb. can, \$4.05.

SEED GRAIN

Here again we are confronted with a problem. Due to the drought much of the grains grown locally were not of the heavy weight per bushel grown in our area. We have been able to secure good seed grains in limited amounts and are quoting prices subject to stock on hand unsold.

COMPANA BARLEY—A two-rowed semi-smooth-awned variety. Especially recommended for dry land. This barley has the best average yield record for dry land in the State of Wyoming. Also it is the only variety of barley recommended for dry land in Montana. Price: per 100 lbs. treated with Ceresan \$4.10.

TITAN BARLEY—A new introduction into this area the past year. This variety comes to us from Montana and is highly recommended for irrigated land. It is a six-rowed, white, small seeded, smooth awned variety that threshed exceedingly clean. Tests show a higher protein content than some other varieties. Price: 100 lb. bag treated with Ceresan \$4.40.

FRONTIER BARLEY—This is one of the later maturing barleys. Recommended by experiment station because of its high yields per acre. Price: 100 lb. bag treated with Ceresan \$4.40.

CODY OATS—This is a new short strong straw type of oats, high yielding, whitish-yellow color. A mid-season oat. Stock limited. Price: 100 lb. bag treated with Ceresan \$5.20.

We also have some oats not entirely true to variety from high yielding fields in Montana that we have set aside for seed. These are thoroughly cleaned. Price: 100 lb. bag treated with Ceresan \$4.50. Not treated 20c per cwt. less.

At this time we are not sure of other varieties that we would like to offer to our trade. However, by planting time we may be able to offer them. Please inquire for other varieties and prices.

We have a small stock of Speltz but are unable to quote price on Seed Wheat at this time.

CUSTOM CLEANING

We can clean your own grain for you. We also treat seed grains with Ceresan, using the slurry method of treatment. Prevents disease and increases yield.

FARM SEEDS

All farm seed prices are F.O.B. Sheridan, and are subject to stock on hand, and to change without notice.

No extra charge for bags.

Extreme care is exercised in the selection of all legume and grass seeds offered to our trade. All lots are carefully tested for germination and purity and the test accurately shown on the label attached to each bag.

Inoculate all legume seed with Nitragin. Seed should be planted within 24 hours after treating with Nitragin.

Treat grasses and legumes with Arasan. This form of treating provides a highly effective chemical coating to protect the seed and seedlings during the period of germination which is very important to good stands.

ALFALFA

All Alfalfa sold by us is Wyoming or Montana grown—recognized everywhere as the hardest produced.

	Price per cwt. lots of 50 lbs. or more	Price per lb. lots of 10 to 49 lbs.	Price per lb. under 10 lb. lots
Common	\$50.00	\$.52	\$.57
Grimm	51.00	.53	.55
Cossack	51.00	.53	.55
Ladak	51.00	.53	.55
Ladak, Blue Tag Certified	55.00	.57	.60
Ranger	54.00	.56	.59

NOTE—The above prices are for strictly No. 1 quality Alfalfa Seed. We also have lots containing crop seed mixtures, or are somewhat discolored. These lots are priced lower. Ask for samples and prices.

CLOVERS

	Price per cwt. lots of 50 lbs. or more	Price per lb. lots of 10 to 49 lbs.	Price per lb. under 10 lb. lots
RED CLOVER, 99/90 or better	\$ 73.00	\$.75	\$.78
ALSIKE, 99/90	48.00	.50	.53
LADINO	90.00	.92	.95
BIRDSFOOT TREFOIL	92.00	.94	.97
WHITE DUTCH CLOVER	105.00	1.10	1.30
SWEET CLOVER, Yellow Blossom	26.00	.28	.31
SWEET CLOVER, mostly White Blossom	24.00	.26	.29

PASTURE MIXTURES

A mixture of grasses, or grasses and legumes is ordinarily better than any one grass. All grasses will vary in their earliness, rate of growth, etc., and by having a variety of grasses and legumes in your pasture you will get the benefit of the good qualities of each. Because they supply nitrogen to the soil, as well as because they are very palatable to the livestock, it is desirable to have some legumes planted with grasses in pasture mixtures. We recommend 20% clovers, but this can be varied if desired. No one mixture will suit all conditions, and we will gladly give suggestions as to mixtures which may be adapted to your own particular problems. Don't hesitate to ask for this service. See under Grasses price list and description of pasture mixtures we have in stock, or we will be happy to mix hay or pasture grasses to your own formula if these do not meet your needs.

GRASSES

We regret the price increase of grass seed this year. This is due to the extreme dry season. We have a good stock on hand at this time. The demand for grasses and legumes to plant surplus wheat acreage may deplete this stock early.

	Price per cwt. lots of 50 lbs. or more	Price per lb. lots of 10 to 49 lbs.	Price per lb. under 10 lb. lots

DRY LAND PASTURE MIXTURE----- (See description below)	63.50	.66	.70

DESCRIPTION OF GRASSES:

Manchur Brome—A tall erect leafy variety that has proven very satisfactory in the Northwest. Does not become sod bound as soon as the regular brome.

Alta Fescue—An outstanding grass for either hay or pasture. Tolerant of alkali, yet stands considerable drought and dry weather. Vigorous grower and very palatable.

Tall Wheat Grass—Very alkali tolerant, and grows with as little as 10 inches rainfall. A tall, late maturing bunch grass, germinates readily, but slow in coming into full production.

Intermediate Wheat Grass—This grass stays green three weeks or more longer than native or Crested Wheat. Stems large, coarse and leafy. Does well with about 15 inches of moisture, which is about average rainfall in our part of the country.

Modified Huntley Pasture Mixture—This is the original mixture recommended by the Huntley Experiment Station, changed to leave out the Kentucky Blue Grass so as to make it more suitable for hay meadow for the first cutting. It contains 30% Brome, 30% Orchard Grass, 20% Meadow Fescue, and 15% Alsike and 5% White Dutch Clover. We have sold thousands of pounds of this mixture and there are many acres of fine meadow land in Sheridan County and the surrounding territory. Prices in above price list.

Mountaineer Hay and Pasture Mixture—An excellent mixture making use of the Alta Fescue, a grass recently introduced. Contains 27% Brome Grass, 26% Orchard Grass, 27% Alta Fescue, and 15% Alsike and 5% White Dutch Clover. The low price of both Brome and Alta Fescue makes this mixture especially attractive this year for either hay or pasture. Sow at the rate of about 18 to 20 lbs. per acre. Prices in above list.

Dry Land Pasture Mixture—A mixture of grasses well adapted to our lands without irrigation. Contains 20% Brome Grass, 40% Intermediate Wheat, 15% Crested Wheat and 25% Slender Wheat Grass. Sow at the rate of 8 to 10 pounds per acre. Prices in above list. We recommend the addition of about 20% Sweet Clover or Alfalfa to this grass mixture for maximum production, depending on local conditions as the method you wish to use your pasture.

FORAGE CROPS

There seems to be a much greater interest in forage crops this year than there has been in previous years. This is partly due to the wheat allotment program, with the cut in acreage which has resulted. Corn and forage crops are a good substitute. Also, many of the forage crops will make good yields even when rainfall is below normal. **DO NOT PLANT UNTIL THE GROUND WARMS UP.**

****Sweet Sudan**—A fine crop for hay or pasture, or either dry or irrigated land. Plant 18-20 lbs. on dry land, 25-30 for irrigated. Price: 100 lbs. \$17.50; 50 lbs. or less 19c per lb.

****Cane**—A heavy producing crop under irrigation, and very drought resistant on the dry. We offer two varieties which are very popular in South Dakota, where cane is grown extensively.

****Waconia**—An early variety, outstanding for northern areas.

****Rancher**—Low acid variety developed by S. Dak. Exp. Station. Leafy, heavy juicy stalks, and a high yielder of both forage and grains. Use about 6 lbs. per acre for row planting, or 40-50 lbs. per acre in drills for forage.

Price, either variety: \$10.50 per cwt.; less than 50 lbs. @ 12c per lb.

****Our Sweet Sudan and Cane Seed is treated with Arasan. Prevents seed rot and decay, and gives better yields.**

Millet—Hog or Proso (Red). Large seeded millet, excellent for grain or hay. Price: \$5.50 per cwt.; less than 50 lbs. @ 7c per lb.

Siberian Millet—One of the most drought resistant of the millets. Very early and will produce a lot of good hay on few acres. Price: \$9.00 per cwt.; less than 50 lbs. 11c per lb.

Rape—Valuable as pasture. Sow 4 lbs. per acre for full stand. Also used in irrigated fields, by sowing about 2 lbs. per acre in stubble immediately after cutting small grain. Makes excellent hog or sheep pasture. Price per pound 30c; 10 lbs. or more @ 27c per lb.

CYCLONE GRASS SEEDERS

Just the thing for sowing small fields of alfalfa, clover, or grass seed. Price: each \$4.00; postpaid \$4.35.

Jacques Hybrid Seed Corn

Last year we were looking for a good hybrid to introduce into this area. We decided to try JACQUES corn which is bred in northern climate. The performance of this corn has been very good and we are again offering the same line with a lot of confidence that it is a top HYBRID CORN.

The JACQUES SEED COMPANY has 46 years of experience in producing top quality northern grown seed corn. These are JACQUES varieties which we will be carrying in stock:

KOW SALAD—A scientific blend of carefully selected, extra leafy Jacques hybrids. There are no left-overs used in Kow Salad, no odds and ends. Each individual hybrid would be a top performer in its own right, but together they form a silage blend that can't be beat. Price: \$9.50 per bushel.

WEATHER-PRUF—A Jacques original. Hot dry winds may kill pollen one day, yet other plants will provide enough pollen at a more favorable time to insure full pollination for a good crop. Like other Jacques blends, this is a mixture of top performing hybrids. Price: \$12.45 per bushel.

JACQUES HYBRID NO. 802—Sturdy stalks of medium height. Ears well filled to the tip. Medium dent, broad thick kernels. It is a good picker for an 80-day corn. Price: \$12.45 per bushel.

JACQUES HYBRID NO. 853J—An 85-day corn of medium height and sturdy stalks. Light yellow kernels of medium soft starch. A good drought resistance corn. Price: \$12.45 per bushel.

JACQUES HYBRID NO. 855J—An 85-day corn of medium height. Very deep kernels, long narrow cob. An excellent picking corn that performs well on all soils. Price: \$12.45 per bushel.

JACQUES HYBRID NO. 957JA—A 90-day corn of medium height. Better cold tolerance, insect resistance and yield. Long slender ears with deep kernels and a small cob. Recommended for ear corn. Yields well on all soil types, has good drought resistance, and is an excellent picker. Price: \$12.45 per bushel.

ALL JACQUES SEED CORN IS TREATED WITH ARASAN TO
PREVENT DISEASE AND SEED ROT

Free: With each order for Jacques Seed Corn received before March 1st, a two-pound package of Jacques Popcorn for popping. Order your corn early.

OPEN POLLINATED SEED CORN

We have only these two varieties to offer:

MINNESOTA NO. 13—Price: per bushel \$6.50.

FALCONER SEMI-DENT—Price: per bushel \$6.50.
